Smiley Face Behavior Chart - Editable

Visual behavior support designed for younger students

A printable version of the Smiley Face Behavior Chart. It features a header with 'Student:' and 'Date:' fields, followed by a section 'Positive Behavior I am working on:' with a small Cinderella icon. The main table has three columns: 'Task/Activity', 'How Did I Do?' (with three smiley face icons: happy, neutral, sad), and 'Notes'. The table is filled with empty rows for tracking behavior. A small copyright notice '©The Responsive Educator 2022' is visible on the right side.A digital version of the Smiley Face Behavior Chart displayed on a tablet. Why Do You Need a Visual Behavior Chart?

- Behavior varies across the day
- Younger students need concrete feedback
- Detailed tracking takes too much time
- Patterns can be hard to spot without clear visual data

How Does It Work?

- Organizes the day into manageable sections
- Teacher records behavior using simple smiley face visuals, adding notes as needed.
- Provides an at-a-glance picture of the student's day
