# Why Do You Need a Visual Behavior Chart?

- Behavior varies across the day
- Younger students need concrete feedback
- Detailed tracking takes too much time
- Patterns can be hard to spot without clear visual data

# How Does It Work?

- Organizes the day into manageable sections
- Teacher records behavior using simple smiley face visuals, adding notes as needed.
- Provides an at-a-glance picture of the student's day

A printed version of the behavior tracking form. It features a header with 'Student:' and 'Date:' fields, followed by a section for 'Positive Behavior I am working on:'. Below this is a table with three columns: 'Task/Activity', 'How Did I Do?', and 'Notes'. The 'How Did I Do?' column contains three smiley face icons (happy, neutral, sad) for each row. The form is decorated with colorful dinosaur and tree illustrations. A copyright notice '©The Responsive Educator 2022' is visible on the right side.
